### X model 4W

Fra og med serienummer: 03-57175-24-09, er vi skiftet til en bedre overfladebehandling på styrestænger og bærekugler, samt en ny type gummimanchetter.

Den nye overfladebehandling beskytter bedre mod korrosion. Og de nye gummimanchetter er en markant bedre kvalitet.

**X-model 4W**

Starting with serial number: 03-57175-24-09, we have changed to a better surface treatment on the steering rods and bearing balls, as well as a new type of rubber cuffs.

The new surface treatment protects better against corrosion. And the new rubber cuffs are of significantly better quality
